LAUGHOLGY

1. Barb is an 18 year old woman who is raising money for Cancer Research. She is raising money because she has recently recovered from cancer and wants to do something positive. Barb is full of energy and life and loves doing really scary and exciting things, so she has decided to do a sponsored bungee jump.

When she tells her mum and dad about the bungee jump they don't want her to do it. Barb's mum and dad try to talk her into doing something different to raise money for charity but she has her heart set on the jump.

2. Barb goes ahead and books the jump and starts collecting money for charity. She asks her parents to sponsor her.

3. Even though they don't agree, they sponsor her and donate more money than anyone else.

4. Barb needs a lift to the place where they are going to do the bungee jump, so she asks her mum and dad.

5. Barb's parents drive her to the bungee jump and stay to watch her do it.

They encourage her with positive words beforehand because she's scared. After she has done it they give her a big hug and are really proud of her.
